Sheriff Deputy Assaulted

A 23-year-old Grayling man was charged with felonious assault and drunk driving after allegedly attacking a deputy with a screwdriver and flashlight.

The deputy stopped to offer assistance to a man stranded in his vehicle at the railroad tracks on M-72 W. The man fled in his car and ran into a snowbank about a block away. He then fled into a store where he picked up a flashlight and screwdriver, according to a sheriff dept. report. The man reported stabbed at the deputy with the screwdriver and struck the deputy in the face with the flashlight before he was taken into custody. The deputy received minor injuries and was treated and released from Mercy Hospital. The assault took place Dec. 28 around 9:30 p.m.

In other police news, a 1979 Arctic Cat was reported stolen from the parking lot of the Frederic Inn Dec. 29 around midnight. The blue and black machine has a 340 cc engine and a registration number of CN 7521. Two breakings and enterings were also reported in cabins along Hardgrove Lake Rd. in Maple Forest. Entry was made through windows in rear doors. Anyone with information about the thefts can call the new anonymous police tip line 348-6341 ext. 3000.

I-75 Accidents Continue

Another series of accidents turned I-75 into a parking lot busy with tow trucks Tuesday, Dec. 27, as 40 cars went into ditches during a five-hour span. Christmas Eve 50 cars were involved in accidents along I-75.

Sheriff Joe White said his deputies practically lived out on I-75 during the holidays assisting motorists. Ice was the main reason for accidents Tuesday, but deputies said motorists were driving too fast for road conditions.

On Thursday, Dec. 29, sheriff deputies said a Grayling man, Gary Willoughby, saved his own life with his quick reactions. At 6:46 p.m. Willoughby ran into a semi-truck trying to get out of a ditch near M-72 East and Barker Lake Rd. The Ohio truck driver was issued a citation for not having any lights on. Sheriff deputies said only Willoughby's quick reflexes in slowing his vehicle quickly before striking the semi-truck saved his life.

A South Branch cabin owned by John Bills, of Saginaw, was destroyed by fire Dec. 29. Jack Sheppard, South Branch Fire Dept. Chief, said he saw flames above the trees when he responded to the fire call about 2:30 a.m. along Fletcher Rd.

Cheese To Be Issued Jan. 5th

U.S.D.A. Surplus Cheese will be given out Thursday, Jan. 5, 1984, from 9:00 a.m. to 4:30 p.m. at the Senior Citizens Center, 308 Lawndale, in Grayling.

Certification Cards, valid for one year, are required by NEMSCA for persons to receive the cheese. Certification Cards are issued the 2nd Monday of every month, 9:00 a.m. to 11:00 a.m., at the Center. Income guidelines range from \$6075 per year for a one-person household to \$12,375 for a four-person household, and proof of income is required. Food stamp recipients will receive their cards through the D.S.S.

Clear Snow and Ice For Letter Carrier, Grayling Postmaster Requests

Grayling Postmaster, James W. Baker, today called on businesses and residents to help reduce the high incidence of slips, trips, and falls by letter carriers due to snow and ice.

"Your cooperation in clearing and salting or sanding the stairway and pathway to your mail receptacle will be deeply appreciated," Postmaster Baker said. "We want to keep our carriers on their feet so that they can continue to deliver the mail."

Emphasizing the seriousness of the problem, he said slips, trips, and falls rank as the number one cause of injury to postal workers. He said letter carriers will make every effort to deliver mail, but if the approach to a letter box is obstructed by snow and ice, delivery may not be possible.

"Crawford County's Voice For Over 105 Years"

THURS., JAN. 5, 1984—12 PAGES— 25¢

106th YEAR *** NO. 1—PHONE 348-6811

NEW YEAR'S BABY — The New Year's baby for Crawford County was born Jan. 1, at 10:00 p.m., to Mr. and Mrs. Jay Webber, of Johannesburg. Joel Ray Webber, born at Grayling Mercy Hospital, weighed seven pounds, six ounces, and was 19 inches long.. Joel was born in the birthing room at Mercy Hospital, where his mother and father reported, "it was really a great experience." The attending physician was Dr. Charles Russo. (Adam's Photography).

Ambulance Service Hurt By Non-Paying Patients

By Jon Thompson

More than 40 percent of the persons using Crawford County's ambulances are not paying for the service putting the operation in the red.

Ambulance Corps director Tony Doremire will be meeting with Grayling Mercy Hospital administrators, who have offered to try to help the county cut down on the non-payment percentage which has averaged 40 percent the last two years.

The Sheriff Dept. clerk who handles the ambulance billings has also recently attended a workshop to learn more about collecting fees through insurance companies and government assistance programs.

The Crawford County Board of Commissioners are also considering rate increases. Currently, Crawford County charges \$35 a base fee for an emergency run with a \$1.50 a loaded mile additional charge. Board chairperson Jeannette Kitchen said our county charges the lowest rate around. Sheriff Joe White said Roscommon County charges \$65 for a base fee and \$2 a loaded mile.

Crawford County places \$10 from each ambulance run payment into a special fund to purchase ambulances. The special fund had only about \$20,000 in it of the approximately \$35,000 needed to buy a new ambulance in April.

"People should know that by not paying their ambulance bill they're jeopardizing ambulance services," Kitchen said.

In other board news from their Dec. 29 regular meeting,

the commissioners supported a resolution from the Ogemaw County commissioners opposing a proposed \$120 fee assessed on all railroad crossings. The Detroit & Mackinac Railroad in cooperation with the Michigan Dept. of Transportation is proposing a \$120 yearly fee be assessed for all railroad crossings.

Crawford County commissioners oppose the idea because the crossings have been considered public access for years and there are a lot of both public and private crossings in Crawford County. Commissioner Don Welser also warned that the \$120 yearly fee would probably be pushed up to \$500 within two or three years if they were allowed to start assessing fees.

In law enforcement news, Sheriff White presented commissioners with an option to lease new patrol cars. Most of the sheriff patrol cars have more than 100,000 miles on them, but the county is hard pressed for money and over the limit for the amount they can legally borrow to finance purchases. White said David Sabin, the assistant prosecutor, felt the one-year lease proposal would not be considered borrowing.

The lease proposal would give the sheriff dept. six new cars for one year for \$23,500. If the county wishes to lease the cars again for two more yearly contracts, the cars would then be sold to the county for \$1. Sheriff White said the lease arrangement will reduce maintenance expenses, improve fuel economy, and provide safe patrol vehicles.

Lawsuit Filed Over Area K mart Project

By Jon Thompson

The Crawford County Economic Development Corporation board and the county board of commissioners are being sued by John Kraus for alleged violations in issuing EDC bonds for a Grayling K mart project.

The suit was filed in circuit court at the Crawford

Mercy Hospital Honored

Mercy Hospital in Grayling received a Certificate of Recognition from the American Hospital Association (AHA) for its active participation in the HAS/MONITREND program.

Recognition was given to Mercy for its efforts to monitor costs and productivity within the facility. H. Joseph Curl, Executive Vice President of AHA, stated in the letter of recognition that "Mercy is in an excellent position to address changes through participation in the HAS/MONITREND program."

The changes referred to involved the recent alterations in third-party reimbursements under Medicare and Medicaid.

"Using HAS/MONITREND to assess our operational performance," according to Sister Mary Ellen Howard, hospital administrator, "will help us keep our costs within the new federal guidelines for Medicare reimbursement. Our participation in this program puts us in a better position to deal effectively with these and other changes occurring in third-party reimbursement procedures."

The involvement of Mercy Hospital in the MONITREND program demonstrates a continuing commitment to provide high quality health care services.

the EDC failed to create and define a project area; the EDC did not have the correct number of county employees or officers on the EDC board; some EDC board members had a direct interest in the K mart project yet participated in the project; the EDC did not inquire or certify that the project will not transfer more than 20 full-time employees from another municipality in Michigan to Grayling, and the K mart project plan did not contain all the information needed by county commissioners to evaluate the project.

In a letter to the EDC board chairman Charles Fick, attorney William Carey said violations of procedures for adopting the K mart project occurred in six areas.

The letter says Kraus contends the most important procedure violated was giving proper notice to members of the public at large and property owners within the proposed project area.

Kraus also lists five other areas of alleged violations:

The lawsuit asks the EDC board to show cause why a preliminary injunction shouldn't be issued to halt the K mart project.

No hearing date on the lawsuit was set.

10 Miss Grayling Contestants Start Busy Preparations

There will be no time to be bored during the next month for the ten Miss Grayling contestants. January 2nd will start their activities as they attend a get-acquainted tea at the home of Norma Naour, Pageant Director. The girls will get a thorough orientation and get to know their pageant Mom's. They will receive a schedule of events that leaves them very little free time.

However, it isn't all work. Along with twice-a-week dance rehearsals, make-up, nail care, and hair-styling workshops, and exercise sessions, there will be sledging parties, and a swimming-movie-popcorn party at the Hospitality House. They will also attend a special Sunday Tea at the

home of Dr. and Mrs. Ralph Hoffman, who have graciously agreed to open their home to the girls.

The week of January 23rd to 28th will mean rehearsals every night as they put the finishing touches on the pageant for Saturday, January 28th. Finally, the big night arrives and it's "Show Time". Mrs. Naour commented, "It's wonderful how everyone in Grayling cooperates with the pageant.

All the people who volunteer their time and services, the businesses who help us out with donations of money, food, drinks and entertainment. Without this kind of cooperation we would be unable to provide the scholarships and would find it difficult to make the pageant better each year."

Two major projects were completed during 1983, the Grayling Health Care Center and an 18-unit senior housing building. Most projects held groundbreaking and Open House ceremonies during 1983.

Another major project was announced during 1983, a

Hiring Freeze Will Reduce Police Force

By Jon Thompson

change it the next week.

White said he realizes

there's only so much money, but over Christmas weekend more than 250 people were stranded on I-75 and some

ones have to help those people.

"This isn't a business where you can just shut your lights off and say 'sorry, we're closed,'" he said.

The sheriff department

currently has ten road officers, one marine and snowmobile officer, one detective, an undersheriff, and sheriff. Everyday usually seven road officers work - two from 8 a.m. to 4 p.m., three from 4 p.m. to midnight, and two from midnight to 8 a.m. In 1982, the wage freeze order.

Commissioner Don Welser said it doesn't make any sense to make a motion one week and turn around to

change it the next week.

White said his department

still is reduced by lay-offs a few years ago, and can not absorb another loss of a deputy with a large campment of national guard expected this year. The freeze calls for no new hiring until August.

White also told com-

missioners the freeze on wage increases isn't fair for non-union personnel. A recent raise to five union command officers in the sheriff dept. puts their base salary \$1800 higher than the undersheriff, who's been with the department since 1965 but is placed under the wage freeze order.

Growth Continues Rapidly in Area

By Jon Thompson

Five new major construction projects topped the economy news in Crawford County during 1983.

The most expensive project started was an \$11 million Shell oil and gas central production plant located north of Frederic. Ground-breaking began in 1983 and most of the construction is expected to be finished in 1984.

Two projects were underway at Camp Grayling during 1983 — a \$2.2 million supply building and a \$2.2 million ammunition depot.

Two major projects were completed during 1983, the Grayling Health Care Center and an 18-unit senior housing building. Most projects held groundbreaking and Open House ceremonies during 1983.

In addition to the major construction projects, on the plus side of economic news was Weyerhaeuser adding a fourth shift to its \$60 million plant. The Weyerhaeuser

Foundation made local news as well by donating \$15,600 to local schools for micro-computers, programs, and physical education equipment.

The Weyerhaeuser Foundation also donated \$7000 to the Crawford AuSable Day Care Center.

On the bad side of the economy, Crawford County expected a \$57,000 deficit in their 1983 budget, and county commissioners froze raises and hiring until August, 19

From Our Corner...

We finally made it...that is to Traverse City for Christmas on New Year's weekend...we did find out one thing though, all one needs is a decorated Christmas tree in a corner, a multitude of gayly wrapped packages, a couple of young children and you can have Christmas in July and still have all the excitement and gayety that comes on Christmas morning in the feeling of giving as the three wise men gave over 2000 years ago...we know for a fact...it happened to us this past weekend with T.J. and Stefany..,a snowstorm kept us away from T.C. on Christmas weekend but, this weekend was different, beautiful winter weather made our trip without incident...we also have the feeling of knowing that the young ones are growing up because T.J. and Stefany could hardly wait New Years day for grandma and I to leave so their Dad could take them ice skating...but then, we try to remember back to when we were young, and that takes a good memory...

* * *

Man, do we have pie on our face...the gremlins are always around a newspaper, and they seem to multiply during Christmas and New Years plus other holidays that cut working days out of the normal routine of putting the paper out...this past Christmas week paper and the New Years paper that was for the December 29th issue had the same booboo...the gremlins worked overtime...we refer to the two notices on the front page of the different businesses and government offices that would be closed on December 26 a Monday, and January 2nd, also a Monday...in both issues we inadvertently left out the Grayling Branch of the Gaylord State Bank being closed on the 26th and the 2nd along with the others that were closed...our sincere apologies to the officers of the Gaylord Bank and Gary Rousseau, Manager of the Grayling office which is located on I-75 Business Loop North, just North of the City Limits of Grayling...if we could, we would fire the gremlins...

* * *

The amount of snow that was dumped on our little hamlet in the past couple weeks and the way the crew who works for the Department of Public Works for the City of Grayling deserve a Tip of the Derby from the ol' fellas' Corner and a slap on the back from the residents of our hamlet the way they took care of plowing the side streets and the way they handled the removal of the snow in the downtown area...for a while the way the snow was piling up we could hardly see our second office...fellas, you need to be commended...you made it easy for our tourists to get around while they were here for the Christmas — New Years break...

* * *

We have been such a good boy for this past year that last Saturday in T.C. while the girls were out shopping and John was having a couple of cardiac arrests during the Lions-49'ers game we were trying to come up with something that I should resolve to give up for 1984...it came to us while we were nibbling on Toni's Christmas present of a jar of cashews, and the fact we had one at home, we would give up eating cashews after the jar I have is finished...about the only other thing I could think of to give up was "girl watching" and at my age we are definitely not going to give that up...

* * *

We came back from T.C. early Sunday so we could work on this turkey and get it finished so Rena can set it Monday...she is going to be gone Tuesday as her number two son, Morgan, is going to have surgery in T.C. that day...

* * *

Due to our early deadline for this week's turkey all of our faithful readers will have to wait a week to find out if we smiled gold, or cried blue following the Sugar Bowl with Bo's boys against the Auburn Tigers...

* * *

We're going to call a halt to this week's efforts, and bid T.J., Stefany and Amber goodnight, and to all of our readers have a nice weekend, and if you are a winter sports fan you should be happy...there is enough of that white stuff for everyone...

The Bible Speaks

From Calvary Baptist Church

THE TRIUNE GOD

I John 5:7

"For there are three that bear record in heaven, the Father, the Word, and the Holy Ghost: and these three are one." I John 5:7. This verse which so clearly teaches the divine trinity, is the most hated, slandered and abused verse in the Bible. Satan hates it because it clearly places our Lord Jesus Christ in the exalted position he desires. The cults and liberals hate it because they do not want to recognize Jesus Christ as God. The printers of new Bibles omit this verse more frequently than any other verse.

The history of this sacred scripture even predates the oldest Bible manuscripts used to cast doubt upon it. Cyprian of Carthage wrote in 250 A.D., "And again concerning the Father and the Son and the Holy Spirit it is written: and the Three are One." Although the trinity is taught in dozens of verses, only I John 5:7 makes that clear statement quoted by Cyprian as scripture. There is much evidence from the 4th and 5th centuries for support. It is quoted by many church fathers. It is contained in the Old Latin text of scriptures.

The Roman Catholic church dropped I John 5:7 by adopting Jerome's Latin Vulgate in the 4th century. They added it back to the Bible around 800 A.D. It is my understanding that in some of the new Catholic Bibles, it is again dropped or discredited.

Early century heresies were probably responsible

for the removal of I John 5:7 from many early manuscripts. Sabellianism denied the distinct separate identity of 3 persons in the Godhead.

Later, Arianism denied that Jesus Christ is God, but insisted He was only a created being like the angels. Although Arianism was stamped out by the 6th century, it has been revived in the 20th century by the Watch Tower Bible & Tract Society, or Jehovah Witnesses. Their Bible is based upon Arian influenced manuscripts, just as many of the other new Bible versions are.

By divine providential preservation, the reformation was sparked by the oldest Bibles which exalted I John 5:7 as divine scripture. During 19th century Rationalism, Westcott and Hort used naturalistic reasoning to deny the authority of this verse. Modern protestant scholarship has followed their leadership and omitted the verse from the new Bibles.

Personally, I would as soon abandon the entire Bible as reject the divine authority of I John 5:7. It is pure truth. The contest is incomplete without it. It is necessary for grammatical regularity. It supports the theological consensus of the doctrine of Christ, that He is truly God. Finally, the Holy Spirit bears witness with my spirit that I John 5:7 is the very inspired Word of God. (Adv.)

less of a plus for home buying than it was during much of the past two years. Hence, Babson's forecast is for new private non-farm housing starts to average around 1.7 million in the year ahead, approximating the achievement for 1983.

EMPLOYMENT-PERSONAL INCOME

During the first half of 1983 there was only a minuscule downward shading in the unemployment rate. This was a point of vocal discontent among the jobless and the Administration's critics. The unemployment rate was, and still is, serious indeed, but those who equated the painstakingly slow improvement with an emaciated economy blithely overlooked the healthy, unmistakable uptrend in nonfarm employment totals, month after month. Babson's foresees a continuation of the favorable employment climate. Look for nonfarm employment to move higher in 1984 on the strength of a broader roster of industries sharing in the economy's expansion. However, it will be difficult to duplicate the sparkling performance in which substantive and virtually uninterrupted monthly employment gains were racked up in 1983. The encouraging, and surprisingly distinct, reduction in the jobless rate over the second half of 1983 also will be difficult to repeat in 1984. However, some downward shading is likely, and the unemployment rate will average 7 1/2%.

High levels of employment and expected wage hikes should enable personal income to trend higher in 1984. Indeed, Babson's expectation is that the year-to-year gains in personal income will average higher than the achievements of 1983. Moreover, with the final part of the three-stage federal income tax cut for individuals in effect for full 1984 - versus only a half a year in 1983 - the advance in take-home pay will be even more substantive. However, there is some question as to the degree of betterment in real buying power, as inflation is currently expected to be up at least moderately in 1984. Nevertheless, personal income should be a plus for consumer confidence.

CONSUMER AND GOVERNMENT SPENDING

Although spotty at times early in the year, retail trade was a vital force helping to lift the economy in 1983. The superb Christmas selling season mirrored heightened consumer confidence. While some of the pent-up demand was satisfied during the past year's buying, the optimistic personal income-employment scenario we envision for 1984 will be more than equal to the task of boosting retail trade 10% over 1983.

Another source of vitality for the economy in 1984 will be government expenditures. An important aspect will be outlays for defense, which will spur demand for manpower and raw materials. But there will be increased expenditures for a wide range of basic services at the federal level also.

CORPORATE PROFITS - DIVIDENDS

The strong business recovery produced a snapback in corporate profits in 1983. However, benefits of cost-cutting and productivity-enhancement programs initiated during the recession heightened profitability, enabling the past year to rack up an estimated 15% gain in corporate profits after taxes. We forecast an even more impressive advance in net corporate profits - up as much as 25% in 1984. Babson's forecast is for more liberal dividend disbursements in 1984. There will be instances of dividend hikes and extras over the year ahead.

FARM OUTLOOK

The nation's farm sector is still deeply beset by problems. However, a ray of light did appear in some sectors in 1983. With some easing in the ultra-strong U.S. dollar likely in 1984, slightly better farm exports could develop. This could nudge overall farm prices somewhat higher and make for further moderate recovery in farm incomes. But many farmers are still in deep financial trouble, and farm surpluses remain burdensome despite 1983's disastrous crop outturn.

According to Frances Lewis, Vice President of Nursing at Mercy, the contract is for one year and will involve photographing every baby born in the hospital. She also stated a copy of each infant's photograph will be kept on file at the hospital.

Mr. Adams has already started photographing the newborns and finds it very rewarding and challenging. Mr. Adams has placed promotional literature in the Obstetrics Department of Mercy for parents. He said his basic package is \$19, making it easily affordable to all families.

Sister Mary Ellen Howard, Mercy Hospital Administrator, said, "The addition of the service is all part of many improvements being initiated in the Obstetrics Department at Mercy Hospital."

INTEREST RATES - MONEY & CREDIT

Early 1984 months, and perhaps to midyear, could see some slippage in short-term interest rates of around 1%-2%, but look for a flip back thereafter. Overall, not much change in either short- or long-term rates. Babson's expects the Federal Reserve to continue to balance its monetary policy between reasonable business credit needs and keeping the lid on inflationary pressures, a course dictated by prospects of substantial federal budget deficits in coming years.

FOREIGN AFFAIRS

1983 was a touchy year for the U.S. on the foreign affairs front. While Babson's foresees some modest easing of tensions, the numerous sectors of raw sensitivity abroad render dramatic betterment unlikely. Recently chilled U.S.-Soviet relations are not likely to degenerate into an open break, but commencement of serious talks on nuclear and conventional arms limitation reduction must also be viewed as remote. There will be improvement in foreign trade, but in view of the languid economic recovery abroad, progress in this arena may also be only moderate. The task of materially lifting American exports is exacerbated by the strong dollar, but this factor could at least ease somewhat in 1984.

STOCK AND BOND OUTLOOK

Despite an advance of more than 250 points on the Dow Jones industrial average during 1983, the stock market was sluggish at times and beset by strong crosscurrents. Over much of the year investors worried about the possible effects of looming massive federal deficits. Nevertheless, the stock market did advance into new high ground with plenty of room to spare. The DJIA paraded past the 1200 mark and near year's end had the 1300 level dead in sight. What can the market do for an encore in 1984? Basically, Babson's Reports is still optimistic over prospects for the year ahead. At this point, it is premature to think in terms of an imminent reversal of the uptrend which began in August of 1982. Babson's feels that there is still significant headway to be made over the year ahead. For the record, our forecast is for stock prices to trend higher in 1984 with the Dow Jones industrial average fluctuating between 1150 on the lower end of the year's range and 1450 on the upside. If stronger than currently expected momentum develops, the DJIA could even be thrust into the 1600 area. An important premise for our optimism is the forecast that investor confidence will be heightened by expectations that corporate profits will experience signal betterment quantitatively and qualitatively. A strong re-election bid by President Reagan and reasonably well-confined levels of inflation and interest rates are also central to sustained investor confidence.

Thus, Babson's recommends adhering to an investment policy which is primarily optimistic. Investors can still find good values for growth, capital appreciation, and income to build and augment investment portfolios suitable for individual requirements. The bond market is not expected to experience material change in the year ahead.

Thanks

A hearty thanks to the people responsible for opening the Crawford County Historical Museum on Sunday, December 18, 1983.

I appreciate the help of the volunteers from the R.S.V.P. office who were at the museum.

The Michigan Consolidated Gas Company was very cooperative about turning the gas on and off at the Crawford County Historical Museum so the place could be heated.

We hope to open the Crawford County Historical Museum on Memorial Day weekend in 1984.

See you there next summer.

Grayling Archery Club

Elect New Officers

Officers for the 1983-84 year were elected. Serving as President is Jim Dannenberg, Executive Vice-President, Gary Piper; Secretary, Don Denton and Treasurer, Larry Ostrowski.

Other new officers elected for the year are Steve Perry, Vice-President/Public Relations; Kathie Piper, Vice-President/Membership and Chuck Thompson, Vice-President/Club Affairs. Chuck, of Houghton Lake, also serves as the President of the Straits Field Archery Association, the Regional contingent of the Michigan Archers Association. Fred Bear, and Ralph Stevens of Grayling, shall continue to serve as Life Members/Trustees. Ralph, and Dale Burpee of Grayling represent the Straits Field Archery Association as delegates to the Board of Directors of the Michigan Archers Association. Ralph also serves as a Life Member of the Michigan Archers Association. Dennis Freese will serve as League Secretary.

Besides the SFAA tournaments, the Club also hosts Michigan Archers Association Championships. In addition to adult shooting, the Club Sponsors the Junior Olympic Archery Development Program (JOAD) for youth of the area. This program is held on Tuesday evenings from 6:30 p.m. at the Club. Youth are encouraged to participate in the program. For further information contact: Gerry or Cathy Timmins at 348-5016.

Archery is a Family sport with numerous divisions and target shooting styles, ranging from youth Barebow to Pro Freestyle. Divisions are broken down by class, age, and sex for each tournament. It is both an indoor and outdoor sport.

The Grayling Archery Club is open to the public and encourages members of the community to participate in its activities, whether it is as a league team member, JOAD archer, or tournament shooter. For more information on the Grayling Archery Club contact: Club Treasurer, Larry Ostrowski at 517/348-5477.

Ski Club To Meet

Ausable Valley Nordic Ski Club (AVNSC) will meet Wednesday, January 11 at 7:30 at the Ralph McMullen Conference Center.

Masons To Meet

On January 5, 1984, there will be a regular communication of Grayling Lodge #356 F. & A.M.

There will be a Spaghetti dinner and dessert before the meeting. This dinner is open to the public and serving will be from 5:30 p.m. to 6:30 p.m. Donations will be \$3.00 per person.

Lodge opens at 7:30 p.m. and we would like to have a good turn out, as it is possible that we might have a fellow craft degree this night.

Changes Asked in Democratic Party Caucus Rules

Warren M. Hoyt, Executive Director, MPA

Michigan officials for six of the eight Democratic candidates for President have threatened to file suit if the state party fails to change its caucus rules for allocating caucus delegates, particularly provisions which preclude a secret ballot.

They argue the rules favor former Vice President Walter Mondale, whose organization was not part of the protest, because he has the solid support of party leadership.

The rules of the March 17 caucus require participants to both declare themselves to be Democrats and sign their ballots.

George Sallade, Michigan co-chair of the Michigan campaign for Colorado Sen. Gary Hart, said the secret ballot rules give party, state and union officials the means to retaliate against those who do not favor Mondale.

Without change in the rules, he said his candidate does not stand a chance of winning in Michigan. "The cards are stacked against us."

A letter to Democratic Party Chair Rick Weiner, signed by officials from all but the Mondale and Rubin Askew committees, said the lack of a secret ballot violates due process protections.

Officials said that would be the basis of a lawsuit, if they seek to file one, if the state party refused to alter the rules and the National Compliance Review Commission also rejects their arguments.

The letter also assails the rules for failing to guard against multiple voting, failing to make adequate accommodations for all who may wish to participate and failing to control bias in operation of the caucus.

David Ettinger of the campaign of Ohio Sen. John Glenn said he hopes the Mondale organization will yet decide to join in asking the rules be changed, so the caucus is not dominated by special interests.

Sallade said the caucus rules attempt to give the caucuses the facade of a primary and thus should include primary-type systems, including the use of secret ballots.

Weiner said the candidate organi-

zations were being hypocritical because they are not challenging similar rules in other caucus states and because they did not challenge the rules when they were proposed last summer.

He suggested the Michigan rules were being challenged only because the candidates are behind and they said they would serve their causes better if they spend their time organizing their campaigns.

"I am proud of the system. It is fair, open and equitable. The bottom line is they feel they will not do very well and have chosen something to complain about," Weiner said.

Workfare Utility Shut-off Clears Legislature

During the final minutes of the 1983 legislative session, the Legislature completed action on a bill authorizing the expenditure of \$44.6 million for a welfare recipient education and job training program and heating assistance programs, including utility shut-off protection and weatherization.

The act, besides \$42.6 million for the Department of Social Services, allows another \$2 million for the Department of Natural Resources to begin funding the conservation corps program upon passage of separate legislation.

The bill has already cleared the House and is expected to get early action in the Senate in 1984.

The program includes \$10 million for a revamped Michigan Opportunity and Skills Training (MOST) program, an Operation Self-Reliance program at \$13.1 million for an 18-month pilot program, a \$1 million private employer incentive plan and the \$2 million for the conservation corps.

The state money being spent also allows the capture of an additional \$20.5 million in federal funds.

The utility portion authorizes \$6 million for AFDC heating shut-off protection, \$9 million for weatherization and an additional \$7.5 million for paying electric bills for heating purpose.

Dance Ensemble at Houghton Lake H.S.

Interlochen, Mi - The romance of ballet and the pizzazz of modern dance is coming to Houghton Lake's High School Auditorium in an exciting concert by the Interlochen Arts Academy Dance Ensemble.

The concert, at 7:30 p.m. Wednesday, January 25, 1984, is sponsored by Houghton Lake H.S. Drama Dept. with the support of the Michigan Council for the Arts. Admission is \$2.50 - Adults, \$1 Students.

The Houghton Lake appearance is part of a seven-day tour, January 22-28, which will take the young dancers to nearly a half dozen Michigan cities including Holland, Houghton Lake and Mt. Clemens.

Accompanied by Academy ballet instructor Helen Earl, the group will perform in a number of school assemblies, matinees and evening arts

ballets as "Cinderella," "Alice in Wonderland," and "The Nutcracker," and modern dances to music by the Beatles, Aaron Copland, and Lerner and Loewe.

Members of the Academy Dance Ensemble are among nearly 400 high-school-aged students who come to Interlochen from all over the world to study arts and academics at the Academy from September through May. The Academy is part of Interlochen Center for the Arts which also includes the summertime National Music Camp and the fine arts

public radio station, WIAA-FM.

For more information regarding the group's local appearance, contact Roderick M. Martin at 366-5376.

NOTICE OF HEARING

Notice is hereby given that a petition has been filed with the Board of Crawford County Road Commissioners for vacation of a 12 foot alley in the 2nd Addition of Portage Lake Park described as follows:

In Block 2 from AuSable Avenue thence south easterly to the junction of an east-west alley; adjacent to Lots 12 & 13 on the northeast side and Lots 14 thru 18 on the southeast side.

Reasons for the request are that the alley has not been opened and would serve no useful purpose for the public. Also, there are existing encroachments of long standing.

Notice is hereby given that a public hearing will be held on said request on the 13th day of January 1984 at 11:15 a.m. before the Board of Crawford County Road Commissioners in their office at 320 State Street, Grayling, Michigan.

Elk Poacher Pleads Guilty

Lansing — Donald J. Pewinski, 33, of Johannesburg, Michigan pleaded guilty Wednesday in Gaylord to killing and possessing an elk, a high misdemeanor.

Pewinski was apprehended by a Michigan conservation officer in Otsego County on Christmas Eve. The elk, a freshly killed, 14-point bull, was in his possession at the time.

Sentencing has been set for January 18 in 87th District Court, Gaylord. Pewinski faces a fine and restitution of up to \$1,200, up to 180 days in jail and could lose his hunting license and any equipment used in connection with the game law violation.

Meanwhile, the DNR continues to offer a \$1,000 reward for information leading to the arrest and conviction of the person or persons who killed four elk and left them lying in a Cheboygan County field November 18.

Anyone with information about that incident is asked to contact their nearest conservation officer or report it via the toll free RAP (Report All Poaching) hotline, 1-800-292-7800. Confidentiality will be protected.

Moose Supports Easter Seals

The Loyal Order of the Moose voted to support the Easter Seal Societies throughout Michigan, at their annual State Meeting, held at the Kalamazoo Portage Lodge #88.

The Loyal Order of the Moose will support the societies through various fundraising events planned for this spring, prior to the Easter Seal Telethon, which is scheduled for March 31 - April 1, 1984.

The Easter Seal Society is the oldest national voluntary health agency in the United States. Last year, over 122,000 handicapped individuals served by the societies through various Easter Seal centers. Programs provided by Easter Seals include Information, Referral and Follow-Up, Loan Equipment Closets, Advocacy, Recreational Activities, Stroke Clubs, Scoliosis Screening, Wheelchair Clinics, Direct Assistance, Camping, Swim Programs, Educational Programs, etc.

For more information on fundraising events planned to benefit the Easter Seal Societies in Michigan, contact your local Loyal Order of the Moose.

We lucked out last winter with little snow and it is probably early to say what this winter will bring even though some records have been broken.

Some people claim that if the bands on a woolly-bear caterpillar are wide, a mild winter will follow while a narrow band indicates a severe winter to come. Others claim that when squirrels put up large hordes of nuts and seeds, it means a hard winter is coming. Early flights of geese headed south are another indication of a tough winter according to some.

Still others claim that animals growing a thick pelt or heavier down or laying lots of fat predicts a colder winter. I wonder if it isn't caused by an abundance of food and good health? Old-time trappers used to claim that big muskrat and beaver houses meant a hard winter was in the offing. The height of wasp nests off the ground is said to indicate the depth of the snow: the higher the nest, the deeper the snow.

When the woodpeckers make more holes at the bottom of trees than at the top is said to indicate there will not be much snow. How tall the mullein grew during the summer was once used by our ancestors as a guide to the amount of firewood to cut. And how about the wood-chuck and his shadow on February 2? All fun to consider, but don't trust them too far.

Dear Whitey,
After talking to one of the Crawford County Commissioners it was my understanding that the job of the new Crawford County Transportation Authority Director was to be advertised in the Avalanche for interested persons.

I see by your paper of Dec. 29, 1983, that this job has been replaced by Dave Frederick without anyone having a chance to apply for the position.

I feel that most people in Crawford County would like to know why Chester Johnston was replaced. Also, why was a job like this not advertised? With unemployment what it is in our county, everyone should have a chance to apply for a better than average job.

Sincerely,
Robert Smock, Sr.

MERCY HOSPITAL CONTEST WINNER—Dan Kinny, Pharmacist at Mercy Hospital in Grayling, is the winner of the first annual "Safety Contest" held at Mercy Hospital last month. His slogan, "Know Your Safety ABC's — Always Be Careful" was selected from one of 20 entries as the slogan of the year for 1984. For his efforts, Dan was awarded an ABC fire extinguisher. He has been an employee of Mercy Hospital for three and one-half years. Shown above, Sister Mary Ellen Howard, Administrator of the hospital; Kinny; and Steve Doyle, Safety Coordinator.

"The Matchmaker" Rehearsals Underway

The Grayling High School Players are presently in rehearsal for their upcoming winter comedy offering, "The Matchmaker," by Thornton Wilder.

Services Held For Emma Kemp, 73

Emma M. Kemp, 73, died December 26, 1983 in Detroit.

Mrs. Kemp was born September 14, 1910 and has been a resident of Grayling since 1976, she is preceded in death by her husband Clarence.

Survivors are her son Richard of Detroit, and daughter Evelyn of Grayling, two sisters, ten grandchildren and three great grandchildren.

Services were held at Our Lady of Grace Church in Dearborn Thursday, December 29, at 10:15 a.m. Burial was in Holy Sepulchral Cemetery.

"The Matchmaker" is the hilarious fable about a rich merchant from Yonkers, New York (played by junior Damon Thayer), who goes to New York City to seek a wife, only to become involved in a comic tornado masterminded by a matchmaker, Dolly Levi (portrayed by junior Brenda Prause).

Theatre critic Brooks Atkinson said in his review of the play for the New York Times: "There is no point in describing the plot. Nothing matters but the situations that are invented and the boldness with which Mr. Wilder exploits them ... Put together like an insane ballet, "The Matchmaker" is fast and boisterous."

The GHS production will be performed for the Grayling public on Friday and Saturday, February 10 and 11, at 8:00 p.m., in the Joseph Stripe Auditorium. Tickets will go on sale in late January.

TU to Offer Winter Classes

The George W. Mason Chapter of Trout Unlimited will be offering rod building and fly tying classes this winter.

Ray Schmidt, who represents several fishing equipment manufacturers including Sage Rod, will present a slide program entitled, "How To Build a Rod", and will also put on a rod building demonstration. A Sage Graphite Rod Blank will be given away as a door prize. This meeting will be held at Skip's Sport Shop on Tuesday, January 17. There will be an additional meeting for those interested in building a new rod.

An eight week class for beginning and intermediate fly tyers will begin on Tuesday, January 24, at the Crawford-Ausable High School Library at 7:00 p.m. All materials and equipment will be furnished for the \$10.00 fee.

For more information about either of these classes call 348-5196 or 348-9284 in the evening.

PRESENT PLAY—A play, "The Three Spinning Fairies," was acted out by Mrs. McEvers' reading class. The story was from the level eight reader. The play took place in the classroom December 9, 1983. They play is about three ugly fairies who spin nine rooms full of flax into gold to help a girl please her Stepmother. Written by Charlotte Knight and Jeff Pahssen, 3rd grade.

Chamber Chatter

By Joyce Kolka

Last year we complained about too little snow, but certainly this year there is no room to complain. There does come a point, however, where the white stuff must not fall in such great quantities. Too much or too little. It never seems to hit a happy medium.

Speaking of snow—the next big event of winter will be the Winter Carnival preceeded by its Miss Grayling Pageant. A very important meeting of the Winter Carnival Committee will be held Monday evening, January 9, beginning at 7 p.m. at the Holiday Inn. Many outstanding events are on tap for the carnival this year and it is certain that the carnival committee will welcome all persons who attend the meeting and volunteer their services.

The Miss Grayling Pageant will be held on January 28 at the Grayling High School. It will be followed on February 2 by the Carnival kick-off dinner. The big carnival event will be held on January 4 and 5th.

Mrs. Norma Naour, director of the pageant is busy setting up the schedule for the girls and that event promises to be the usually fine presentation as in previous years.

Welcome to the new owners of the Sawmill, Ann Moss and Doug Stephan. A Ribbon Cutting was held for the grand opening on December 23rd. We wish them well.

Now that the holidays are over, the annual move toward removing ornaments, inventory and tax paying will take place. Unfortunately the latter must be taken care of by one and all. For those who cannot find the deductions we have only sympathy. For those who find plenty of them, all we ask is that you give us the name of your tax consultant.

CHURCH DIRECTORY

"Oh Give Me a Home"

Last night a miracle occurred. It happened on the night Johnny got a guitar and all of us joined in a family sing along.

When Sam came to live with us over a year ago, he didn't even talk. Raised in a sub-standard home, he was a mighty unhappy little boy with problems galore.

He didn't like us at first—he wasn't glad to be with us. But, gradually, as the months wore on, he began to trust us and believe in our love.

That night as the family sang together—Sam suddenly began to sing with us. The miracle had occurred. He was now one of the family.

You see, the Church had taught us that the love of God accepts us completely and unconditionally. We had learned that we could love and accept Sam in the same way. In becoming a part of God's family, we had discovered how to create a new family of our own.

SEVENTH DAY ADVENTIST

**Senior Citizens
Special Program
Series**

For the month of January, our Monday programs will be for the Senior Citizen ladies of Crawford County.

This series is designed to help you "Change Colors as You Silver", and will be presented as follows:

Monday, January 9th: Skin and Nail Care.

Monday, Jan. 16th: New Colors and You.

Mon., Jan. 23rd: Line and Design.

Mon., Jan. 30th: Short, Silver and Smart.

Cindy Campbell of Merle Norman Cosmetics, Houghton Lake, will conduct the sessions on January 9th and 16th. Cindy does her job well and is bringing favors for those who attend.

On the 23rd, Mrs. Compton, former Home Economics teacher at Grayling High School, will be here from her home in Bear Lake. She is well known for her flair with fashion.

Our final session for January is to show all our silver-haired ladies the latest in styles for Seniors. Denise Rutter of the new Image Makers Salon here in Grayling, will be our guest.

308 Lawndale is the place, 1:30 p.m. is the time and 348-9314 is the number to call for more information.

New Computer

Design of a radical new kind of "molecular computer," that may one day be able to assemble and reproduce itself, was explored at an international meeting held recently in Santa Monica.

In the chemical computer, the metal and silicon chips of present computers would be replaced by large molecules and proteins, probably genetically-engineered for the purpose.

City Council Proceedings

Regular meeting of the City Council held December 27, 1983. Meeting called to order by Mayor Thompson at 7:30 p.m. Members present: Thompson, Sloan, Sabin.

Members absent: Latuszek*, Golnick*.

Also in attendance: Jerry W. Morford, City Manager; Allen V. Schreiner, City Treasurer; Patricia Schreiner.

Motion by Sloan, supported by Thompson that the minutes of the meeting of December 12, 1983 be approved as presented.

Ayes: 3, Nays: 0; Absent: 2; motion carried.

Citizens who wish to speak. There were no citizens who wished to speak.

Communications were received and noted.

From City Manager re: 1984 Council Meeting Schedule.

From Grayling Regional Chamber of Commerce re: Newsletter.

*Mr. Golnick was now present.

From M.M.L. re: Legislative Bulletin.

From Michigan D.N.R. re: Treatment Works Grant Step I.

From Mich. D.N.R. re: Priority Listing on Sewer Work.

From Michigan Liquor Control Comm. re: Glen's Market Expansion.

From Grayling Housing Commission re: Meeting Minutes.

From Michigan Liquor Control Comm. re: Transfer of SDD License from 604 Norway (Milltown Party Store) to 122 Michigan Avenue (Mac's Drug Store).

Motion by Golnick, supported by Sabin that Council record its approval of the transfer of a SDD License from 604 Norway St. to 122 Michigan Avenue. Ayes: 4, Nays: 0; Absent: 1; motion carried.

New Business

The City Manager presented a request from COOR Intermediate School District for summer 1984 collection of 100% of their tax levy.

Motion by Golnick, supported by Sabin that the COOR Intermediate School District Board be informed that the City agrees to collect their property taxes in conjunction with city taxes to be levied on July 1, 1984. Ayes: 4, Nays: 0; Absent: 1; motion carried.

Reports of Councilmen

Mayor Thompson was excused from the meeting at this point.

Mr. Sloan asked about Cable TV rates. Mr. Morford will research the franchise to determine the need for Council action regarding increases.

Mr. Sloan asked about snow plowing on Lawndale Street by Housing Commission (piles obstructing vision at corners).

Mr. Sabin asked about Camp Lehman work crew availability for snow removal. Mr. Morford noted that we are using the crew now.

Mr. Golnick stated that he felt that the city crew had done a good job on the snow this weekend.

*Ms. Latuszek was now present.

Reports of City Manager. Mr. Morford reported on the following:

Purchase of City Police Car.

Questions from last Council meeting re: Financial Statements.

Housing Commission appointment to replace Ms. Trudgeon. Dr. Hoffman has been contacted and stated that he was unable to accept the position and so declined the appointment.

Relocation of mail-box at post-office.

1984 Street Program. Mr. Morford noted that Bill Richards of Richards & Associates proposed the following change in the city's engineering contract for the 1984 street program. "We agree to extend the Agreement between the City of Grayling and Richards & Associates, Inc. for the City of Grayling's 1982 Street Paving Project to include the City of Grayling's 1984 Street Paving Project under the same terms except for the following changes:

Amend Section A.2.1 of Part II to read:

Professional I time at \$45.00 per hour

Professional II time at \$36.50 per hour

Technician I time at \$26.00 per hour

Technician II time at \$17.50 per hour.

Mr. Morford noted that the 1983 street contract for engineering had contained no increase in fees from the 1982 engineering contract and that 1984 proposal was for a 6% ± increase in extra hourly services only and did not change the 6.5% design fee used in 1982 and 1983.

Motion by Latuszek, supported by Golnick that the city enter into an agreement with Richards & Associates for engineering services with the proposed hours rate changes and that the Mayor and City Manager be authorized to sign the contract.

Ayes: 4, Nays: 0; Absent: 1; motion carried.

Light between city hall and fire barn.

Illness of Police Officer.

Proposed addition to Cobble Creek Apartments.

Election of Jerry W. Morford to Board of Trustees of M.M.L. Municipal Pool.

Purchase of vacant lot in city.

Adjournment.

Motion by Golnick, supported by Sabin that the meeting be adjourned. Ayes: 4, Nays: 0; Absent: 1; motion carried. The meeting was adjourned at 8:37 p.m.
